

Amelia II

All the trademark Arthur Rutenberg design "touchies" are included in a spacious, yet *very* efficient 3-bedroom, 3-bath floorplan.

Luxurious master suite wing, private den, great room (with fireplace, of course), formal dining room, sunny morning room overlooking the pool & lanai area, "wrap around" kitchen with island counter – they all combine to make the Amelia II an exceptional value.

An ideal family home and one of our most popular new designs.
