

# BIARRITZ

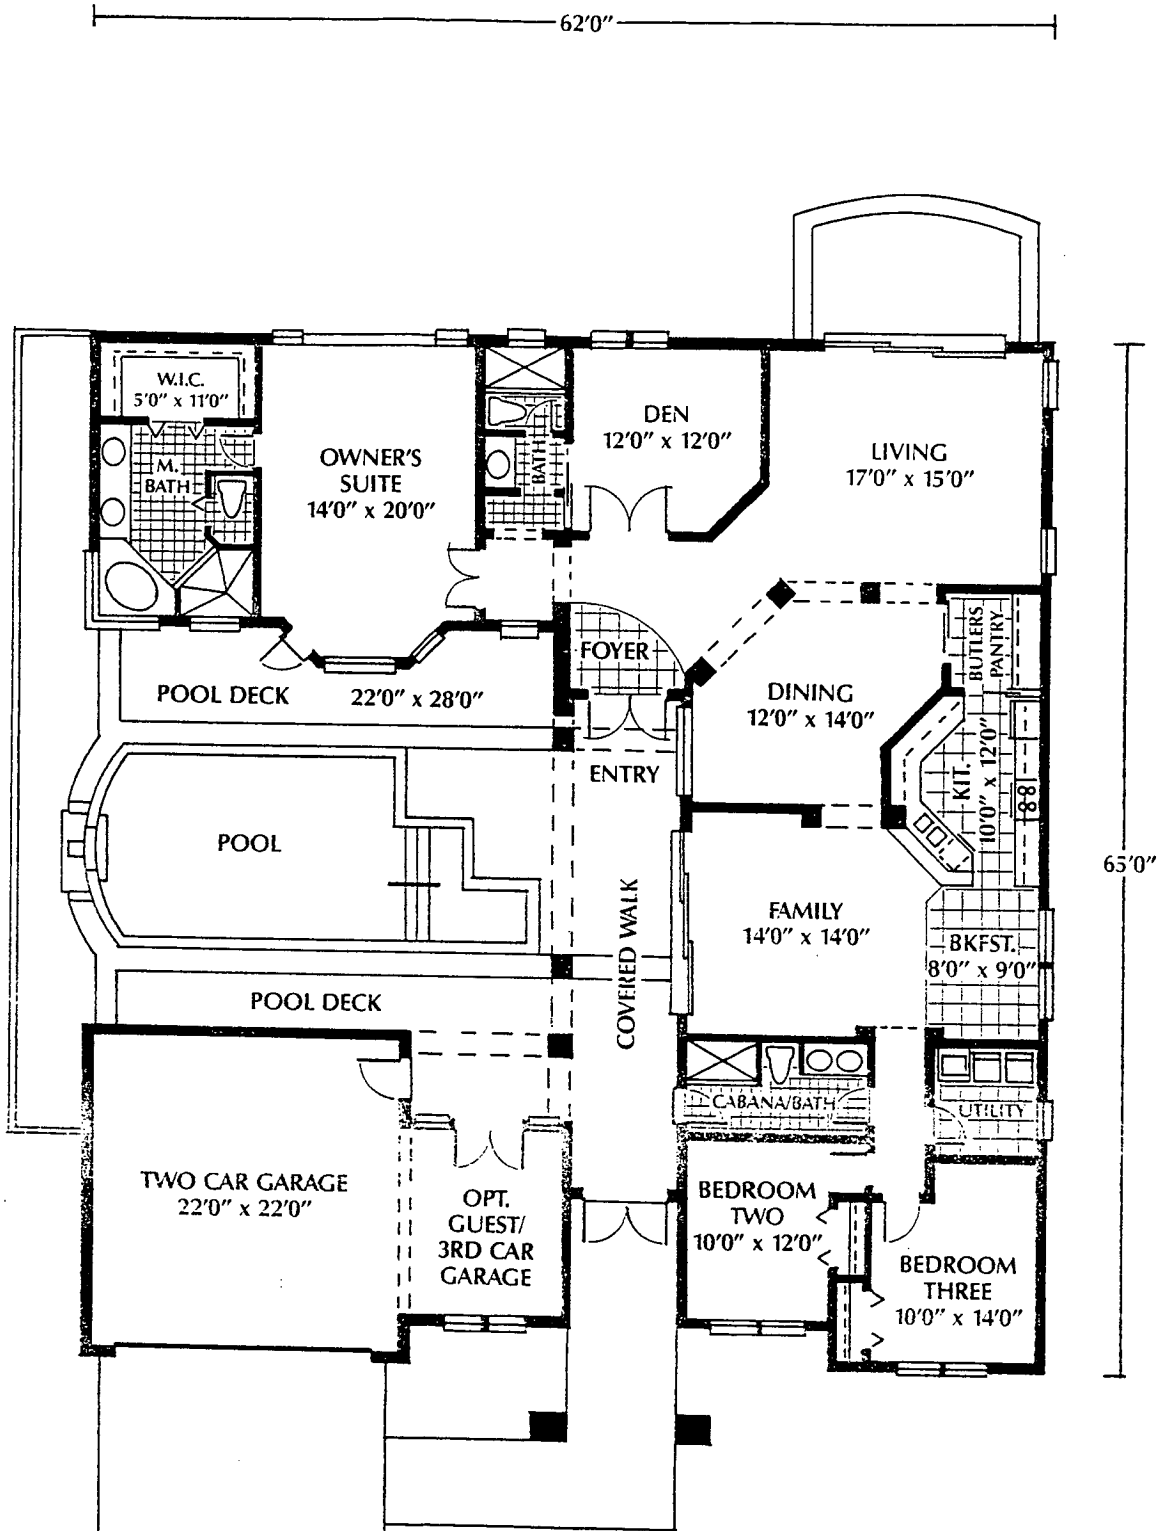

Designed around the active South Florida lifestyle, the Biarritz from Montecristo Homes, encompasses over 4,000 square feet of luxury and practicality. All living areas surround the privately landscaped courtyard containing a custom designed pool and spa. The oversized bedrooms feature a private bath and the master suite contains a large sitting area and bath, with Jacuzzi tub and a separate shower. The great room and kitchen area are tiled and the kitchen also has Corian countertops and Eurodesign cabinets as standard features.

The Biarritz is an excellent single-family home. With the privacy provided by the interior pool area and the cypress preserve to the rear, the Biarritz provides both active and casual South Florida living at its best.

Montecristo Homes Inc. founder, John Lee, has been involved in the building industry for over 16 years. Recently, Montecristo Homes Inc. was selected as the First Preferred Builder by the Collier Building Industry Association. This award highlights the extraordinary efforts Montecristo Homes puts into its' home construction process, which is relayed to the homebuyer through weekly updates and progress photographs of their home. The Biarritz is a fantastic example of the homes that Montecristo Homes has built throughout Collier County.
