

KEY LARGO

The single family Key Largo has 2,215 square feet under air. The Key Largo is a three-bedroom/two-bath home with a den and two-car garage. The vaulted ceilings in the great room, dining room, kitchen, morning room, and lanai accentuate the Florida lifestyle. The kitchen features a countertop extended into the morning room and a raised bar open to the great room. Custom designed cabinets and a pantry closet are also welcome additions to the Key Largo.
