

# Plan A – End Unit

## Main Level

## Upper Level

This plan reveals a spacious, well-designed arrangement for convenient living. The generous living/dining area offers native stone fireplace. Large sliding glass doors invite you to step out onto the roomy deck area.

The master bedroom features large walk-in closet, large master bath with "his and hers" vanity.

In the hallway, we find a linen closet and the enclosed washer/dryer are neatly tucked into the hallway area.

The well-planned kitchen offers practically arranged cabinets and appliances. A spacious counter and snack bar opens to centrally located dining area.

The second bedroom provides generous closet space and private bath which also opens to hallway.

A loft/studio with the addition of bath can serve as a third bedroom.
