

Pebble Beach III

The "Pebble Beach III" is proudly presented by R & H Development of Naples, Inc. This model is the first of their platinum line and the newest in the Pebble Beach series. You will see all of the luxurious features of the Pebble Beach gold series (pool, spa, fireplace, outside Jen-Air kitchen, security system, intercom system, central vac, and more). Additionally, the "Pebble Beach III" has a fantastic new front elevation along with a three car garage. The dramatic foyer of the new "platinum series" model is enhanced by a grand lighted dome. A custom, built-in china cabinet accents the dining room and the living room has an added custom built-in wet bar. All bath fixtures are brass as a standard. The "Pebble Beach III" also features a full ceramic tile pool deck for beauty and ease of care. Its expansive kitchen features an island work center with corian (or equal) countertops throughout. Special "Surround Sound" speaker system is also included. These new features incorporated with the luxurious features of the "Pebble Beach" series make the "Pebble Beach III" a most desirable design for the ultimate in luxury living.

As a true custom builder, R & H Development of Naples, Inc. believes quality and service are of the utmost importance. They will go to extraordinary lengths to please their customers. If they don't have a model to suit your needs, R & H will arrange for you to meet with a designer to draw plans for your dream home.
