

# Site Plan

## Kessous to build Silver Oaks.

When Michael Kessous moved to Naples in 1986, he brought with him a passion to become one of Southwest Florida's most respected developers. It didn't take him long for that dream to be realized. Kessous now brings his building philosophy to Vineyards - quality construction at an old fashion value. At Silver Oaks, residents will enjoy the peace of mind knowing the outstanding quality built into every Kessous home.
