

THE MARQUESA GRANDE

With over 5,095 total square feet, and 3,500 square feet under air, The Marquesa Grande lives up to its name, offering a grand master suite with his and hers baths, three full size bedrooms, a study, and three and one-half baths.

One of the home's unique features is located in the family room, where a "zero-corner" sliding glass door "wall" makes two of the room's walls disappear, opening the space to the outdoors, and filling the room with natural light.

Saturnia marble floors in all living areas and master bath add to the luxurious ambience of the home. Including a three car garage and golf cart garage, the Marquesa Grande offers a total of 5,095 square feet.
