

The Saratoga

Perfection describes this home designed for comfort within and access to the beauty of the outdoor amenities of a lanai, waterfall pool, cabana bath and a relaxing lake view. The double door front entry leads to a formal living room with a pocketing triple window wall allowing an immediate view of the beautiful lanai. The elegant master suite offers generous closet space, luxurious bath and private study. Guest bedrooms are private and have access to an oversized guest bath.

The heart of the Saratoga is its kitchen/leisure room. Soaring ceilings, window walls, plant shelves and fireplace. Other Pela Homes models offer the same standards of design and quality construction from \$135,900. Custom design available upon request.
