

The Villages of Eagle Creek

CREEKBED ESTATES

Set among the tall pines and along the banks of the Eagle Creek, the Creekbed Estates neighborhood has a continuity of architecture taking advantage of the rustic style of cedar shake roofs and stone or brick trim. All of the streets in the Creekbed Estates neighborhood are private cul-de-sacs preserving the privacy that the homeowners cherish.

CARRIAGE HOMES

With vistas overlooking the Crystal Lake, the Carriage Homes form an intimate village of only 15 duplex style villas. The Carriage suite, separate from the main home, gives them their unique style and name, as well as providing a comfortable retreat for those guests who will surely want to visit you at Eagle Creek.

GOLF VILLAS

Surrounded by the 1st, 2nd and 3rd holes of the championship golf course, the Golf Villas have always been a popular lifestyle within Eagle Creek. Located within walking distance to the club, the Golf Villas neighborhood features a variety of duplex styles with spacious private back yards and unobstructed views of the fairways.

CRYSTAL LAKE GARDEN APARTMENTS

One of the most popular condominium floor plans in Southwest Florida has gained that distinction by offering a combination of immense screened lanais, vaulted top-floor ceilings, spacious and well equipped kitchens, garages, and superb sunset views. In both the 2 bedroom Kittiwake plan and the 3 bedroom Royal Tern plan, elegant standard features abound.

STONEGATE GARDEN APARTMENTS

Along the fourth fairway of the course the Stonegate village offers garden apartments in a similar style with its own pool/spa complex and views across two fairways.

CYPRESS POINTE

A community within the overall Eagle Creek community Cypress Pointe is the elegant Single Family neighborhood surrounded by the 8th, 9th, 10th, and 11th holes of the course. A stylish pastel stucco motif with tile roofs and the added elegance of custom designed single family homes sets Cypress Pointe above the crowd.
