

Kenneth Preston Homes brings an old fashioned set of values to doing business - we are dedicated to Quality and Service. With an A.I.A. Architect as one of our principals, we have immediate access to the highest level of professionals. And, as part of operations, we offer complete custom design-build services located on-site in Water's Edge.

Utilizing this service, our design professionals evaluate your needs, assist in site selection, and custom design your Estate Home to be uniquely yours while concomitantly maintaining the flavor and ambiance of Kensington. Then our talented team of highly qualified builders ensures that the plans set forth on paper become a reality in person.
