Highlights of Villa De Flores
 Living areas upstairs and downstairs maximize the views of the flowered "Signature Hole" of Quail West's "Preserve" course. This home has everything including three masonry fireplaces and a tiled garage floor!

The Villa De Flores was named for the thousands of planted flowers which bloom around the "Signature Hole" of Quail West's "Preserve" course. This Mediterranean palace overlooks these colorful landscapes across a magnificent patio and open pool deck creating one of the most beautiful views in all of Naples.
